Report of the Superintending School Committee.

To the Citizens of the town of Jay:

The Superintending School Committee recommends that the following amounts be raised by the town for the ensuing year:

For Common Schools,	\$2,400 00
Free High School,	1,500 00
Free Text Books,	600 00
Repairs on Schoolhouses,	700 00
Supplies and miscellaneous bills,	600 00

We also recommend that the town vote to maintain schools in the Blaisdell, Morse and Stubbs' Mills districts for the next school year, and that the school at Clay Brook be left with the school board.

The current year arrangement was made with the school board of East Livermore whereby they were to pay \$5.00 per week as tuition for their scholars attending that school. The prospects for next year are that Jay will have but one scholar in the district, to attend school.

Some explanation is due the town in regard to the overexpenditure of money on some of the school accounts.

Last year terms were made with some of the book companies to allow their bills to run until the end of the school year. Paying those bills and paying those of the current year, when due, has overdrawn our appropriation.

The school buildings in town, with few exceptions, are in good shape, and we believe the money laid out in repairs has been done to good advantage.

At the Chisholm schoolhouse, two of the rooms are not properly lighted, a condition that can be remedied at comparatively small expense and which no doubt will be done the coming year, appropriation permitting.

We would also call to your attention the need of larger playgrounds, at the village schools of Jay, North Jay and Chisholm, especially. This is a question we hope you will carefully consider, and that another year you will be ready to take some action toward acquiring land for this purpose.

Respectfully submitted:

J. H. MACOMBER,	}	<i>Superintending School Committee</i>
